

# Deliah Rosel Testimonials

I have been a client of Deliah's for many years. I continue to see her for her healing sessions because I get a perspective that I cannot find elsewhere. She offers a spirit based, grounded, practical and loving presence. She has an ability to really get the complex emotions and thoughts that we humans possess. She gives me a gift, each time I am with her, of a new way of being in relationship to myself. She is a true partner in my healing journey. I think everyone should spend time with Deliah in the Aliyah House.

—Jody C, Leeds, MA

On May 17th I had an appointment for massage with Deliah. I had extreme muscle pain and limited range of motion in arms. After being worked on by Deliah I felt better than I thought possible and was energized for two weeks after the massage. Will definitely be going back forever.

—Doreen Avery, Montague City, MA

Aliyah Healing House is a sacred space that nourishes the spirit, soothes the body and opens the heart. After working with Deliah for several months I have found a greater ease in my body and have been progressively improving my posture and habitual patterns of movement. With her healing touch and gentle counsel, Deliah has become an important part of my monthly self-care routine. A visit to Aliyah Healing House is an oasis of natural beauty and energetic peace that must be experienced to be appreciated. I highly recommend the hot tub followed by a healing session with Deliah and her canine assistant, Miss Ruby.... I am so grateful that I have found this place!

—Gerry LeBlanc, Conway, MA
